

A PROVEN LEADERSHIP DEVELOPMENT PROGRAM

# 5 Reasons TO CHOOSE LEADAR

- 1** | **Develop and enhance your leadership capabilities**  
Participants develop and implement a personal leadership service project to make a positive difference in their communities.
- 2** | **Connect to people and resources**  
Participants will attend seven two-day seminars around the state and virtual sessions providing opportunities for participants to engage and interact with others.
- 3** | **Immersion in policy making from a national perspective**  
Participants spend a week in Washington, DC meeting with Congressional delegates and other organizations learning about national issues and solutions.
- 4** | **Gain a global perspective**  
LeadAR culminates with an international study tour where participants explore innovations and different approaches in other countries and learn how international issues and policy impact the U.S. and Arkansas.
- 5** | **Understand complex issues impacting us today and in the future**  
Participants are exposed to current cultural, social, and economic issues.

*"For me, LeadAR Class 19 has demonstrated the importance of community relationships, the work of community leaders, and areas that are important for the State of Arkansas. I'm grateful for the opportunity to learn from all members of this cohort and discuss the challenges they face and best practices in their respective communities."*

---

**Scott Bass, LeadAR Class 19**  
Deputy Director, Response and Recovery  
Arkansas Division of Emergency Management

LeadAR graduates are everywhere, in the state House and Senate, local school boards, city councils and quorum courts, and in industry and community leadership roles across Arkansas. For almost 40 years, LeadAR has developed a tremendous legacy of more than 500 alumni who will influence the state's future for decades to come.
